

Desktop card issuer

SVUSB01

Product Features

- >Card reading distance:>0.5M
- >Virtual keyboard, virtual serial port
- >TYPR-C, Bluetooth interface
- >Size:106x70mm

Specifications

Working frequency	860~960MHz,ISO18000-6C protocol
Product performance	>0.5 m
Tag group reading	>10tag
Working mode	Automatic mode, trigger mode, interactive mode, etc.
Power parameter	+9V-_12V,<1W
Identification prompt	Buzzer or LED flash
Working environment	- 20°C ~ +70°C
Product size	105*70*15
Net weight	100g
Secondary development	Provide dynamic link library (DLL) and demonstration software source code to support secondary development.
